

## Registration Process

- Register by phone: 800.935.0553 or 704.372.6261 x309 weekdays from 8:00 a.m. to 4:30 p.m. Please have your Visa or MasterCard, as well as your Membership number ready if you wish to receive member's discounted rate.
- Full payment is required at the time of registration. Member: \$150.00 / Non-Member: \$190.00.

## Cancellation Policy

- 14 days notice is required for a refund.
- A \$15.00 service fee is charged for any camp withdrawal.
- Programs with low enrollment two weeks prior to the start date are subject to cancellation. A minimum enrollment of 12 students is required to run each camp. If cancellation occurs, we will contact registrants to discuss the possibility of enrollment in another program.

## North Mecklenburg Camp Locations

### Lake Norman Charter School (LNCS)

12435 Old Statesville Road, Huntersville

### Huntersville Arts and Cultural Center (HACC)

109 S. Old Statesville Road, Huntersville

## Ages 4-6

(Child must be 4 by 10/15/2007)

All classes are 9:00 a.m.-noon or 1:00 p.m.-4:00 p.m. unless otherwise noted.  
Members: \$150 / Non-Member: \$190

## The A, B, C's of Science

July 7-11

Location: HACC

Using each letter of the alphabet, explore a new science concept introduced by a poem. Included are interactive activities and hands-on demonstrations in chemistry, biology, human body, physics and more.

## Take Home Science

July 14-18

Location: HACC

Explore the scientific side of art through hands-on science activities, demonstrations and projects. Discover crystals, electricity, magnets and more.

## Ages 7-9

(Child must be 7 by 10/15/2007)

All classes are 9:00 a.m.-noon or 1:00 p.m.-4:00 p.m. unless otherwise noted.  
Members: \$150 / Non-Member: \$190

## Super Structures

July 7-11

Location: LNCS

An exciting hands-on camp using amazing marble towers, LEGO and Capsela kits. Explore science and math concepts including symmetry, mass, volume, buoyancy and motion. This unique experience combines independent exploration and teamwork to design, build and test creations like bridges, cars and boats.

## Animal Detectives

July 14-18

Location: LNCS

Crack the code of the amazing world of animals. Using clues including scales, feathers and furs; search for similarities and differences between animal families.

## Mint Hill Camp Location

### Earp-Williams Post #4059 of the VFW building

11341 Bain School Road, Mint Hill, NC 28227

## Ages 4-6

(Child must be 4 by 10/15/2007)

Classes are 9:00 a.m.-noon.  
Members: \$150 / Non-Member: \$190

## Science Sampler

June 16-20

Dive into a variety of science adventures! Try your hand at colorful chemistry, bubble-ology and a fossil dig as you conduct some cool experiments.

## Science Kaleidoscope

June 23-27

Express creativity and discover the amazing connections between art and science. Crafts and fun hands-on activities include the use of crystals, electricity, magnets and more.

## Ages 7-9

(Child must be 7 by 10/15/2007)

All classes are 1:00 p.m.-4:00 p.m.  
Members: \$150 / Non-Member: \$190

## Super Structures

June 16-20

An exciting hands-on camp using amazing marble towers, LEGO and Capsela kits. Explore science and math concepts including symmetry, mass, volume, buoyancy and motion. This unique experience combines independent exploration and teamwork to design, build and test creations like bridges, cars and boats.

## The Magic of Science

June 23-27

Is it magic or science? Learn how to write secret messages and experiment with acids and bases. Discover the properties of ghost crystals and how to create a crystal garden.
