**Nearly 300,000 Guests Visit *BODY WORLDS* at Discovery Place
*Museum announces exhibition attendance number***

Discovery Place, one of the top hands-on science museums in the nation, today announced that *Gunther von Hagens' BODY WORLDS: The Anatomical Exhibition of Real Human Bodies* was the most, highly-attended exhibition in the Museum's 26-year history. It is estimated that 297,706 guests visited *BODY WORLDS* between the exhibition's opening, June 13, 2007 and closing, Jan. 6, 2008.
